Although the number of available rooms is quite limited (only 13 per cent of all Heidelberg students can be housed in student residences), the Akademisches Auslandsamt cooperates with the Studierendenwerk to secure rooms in student residences for international exchange students coming to Heidelberg.</p> <p>The Studierendenwerk maintains a large variety of student residences. Almost all of them were built after 1983 or have recently been renovated (many of the buildings in the Altstadt are renovated heritage properties). Students usually stay in single rooms sharing kitchen and bathrooms in groups of 2 – 4, or in dormitories with kitchens and bathrooms on each floor. There is also a small number of single apartments available. The residences are located in different parts of the city and very close to public transport. Shopping areas are usually nearby.</p> <p>More detailed information about Studierendenwerk student residences (including pictures of each residence) is available on-line at http://www.studentenwerk.uni-heidelberg.de/wohnen</p> <p>In some of the dormitories internet access is available but this cannot be guaranteed. Further, the internet access in the dorms is usually cable bound</p>

	<p>and only a few have wireless LAN access. Internet access is not available in some dormitories located in Heidelberg's old town (<i>Altstadt</i>).</p> <p>The application materials which resides in NUS internal SharePoint include a form "Application and Immatriculation as an Exchange Student – Part 2: Housing".
